

AEES 2023

October 27-29, 2023 •

• Shanghai, China

In recent years, the field of Electrical and Energy Systems has undergone significant growth and development, which has attracted experts from academia, industry, and government agencies to share their latest research and developments in related fields. AEES 2023 conference provides an excellent opportunity for experts to exchange ideas, network, and explore potential collaborations.

AEES 2023 is sponsored by Shanghai University of Electric Power, China and hosted by the School of Electric Power Engineering.

Submission Deadline
June 10, 2023

Organizing Committees

Advisory Chair

•Hexing Li, Shanghai University of Electric Power, China

Advisory Committee

•Wei-jen Lee, University of Texas at Arlington, USA

•Bikash C. Pal, Imperial College, London, UK

Conference Committee Chairs

•Dongdong Li, Shanghai University of Electric Power, China

•Shunfu Lin, Shanghai University of Electric Power, China

Conference Committee Co-chair

•Om Malik, University of Calgary, Canada

Technical Program Chairs

•Yang Mi, Shanghai University of Electric Power, China

•Hossam A. Gabbar, University of Ontario Institute of Technology, Canada

•Masayuki Morimoto, Tokai University, Japan

•Ronghui Liu, Shanghai University of Electric Power, China

•Yao Zhao, Shanghai University of Electric Power, China

•Junbo Zhao, University of Connecticut, USA

Technical Program Co-chairs

•Xiaoyan Bian, Shanghai University of Electric Power, China

•Xiangjing Su, Shanghai University of Electric Power, China

•Jian Zhao, Shanghai University of Electric Power, China

•Yunwei Shen, Shanghai University of Electric Power, China

•Tianfu Sun, Chinese Academy of Sciences, China

Sponsored by

Patrons

Hosted by

Topics (but not limited to)

1. Electric Machines and Drives

Electrical machine design and optimization
Power electronics and motor drives
Electromagnetic compatibility and interference

2. Power System Analysis and Optimization

Power system stability and control
Power system protection and security
Power quality analysis and mitigation

3. Renewable Energy Sources and Integration

Solar power generation and systems
Hydro power generation and systems
Geothermal power generation and systems

4. Energy Conversion and Management

Energy-efficient lighting systems
Smart grids and grid integration
Energy-efficient buildings and systems

Publication

The accepted (Registered & Presented) full papers will be published in the AEES2023 Conference Proceedings, and will be indexed by Ei Compindex and Scopus.

Submission Method

Authors can submit papers to the online System:
<https://easychair.org/conferences/?conf=aees20230>
